

Infra status for Affordable Homes

23rd July 2014

Alok Tyagi, the CMD of ATN Group, Says: “This is a blessing in disguise for the home buyers who fall under this category and price bracket as well as the developers who offer house in the range of Rs 30 Lakh to Rs 65 Lakh. As good luck would have it , the average requirement of the home buyers as an end user remains within this limit. The industry should rejoice this thoughtful initiative by the RBI”.
